**C, C++**
95%

**Java**
90%

**PHP (Laravel)**
80%

**HTML, CSS, JS (Vue, React)**
90%

**Flutter**
80%

## PROFILE

I am a student at Atma Jaya Yogyakarta University, majoring in Informatics. I was born in Sukoharjo, November 14, 1999. I had an interest in computers from junior high school and I studied it seriously when I entered college. I also really like new things to learn.

## EXPERIENCE

**2019 - 2020** — **Vice Chairman of UAJY Programming Group**
Himaforka, Atma Jaya, Yogyakarta
Become the vice chairman of the programming study group to organize all the necessary needs. In addition, in this class I became a mentor for students to learn the basics of programming using the C language.

**2020 - 2021** — **Mentor of Object-Oriented Programming**
Himaforka, Atma Jaya, Yogyakarta
In this organization, I am a mentor for students to study Object-Oriented Programming using Java language

**2020 - 2021** — **Member of UAJY Competitive Programming**
Atma Jaya, Yogyakarta
In this organization, I was prepared to take part in a national programming competition by being given multilevel programming question

**2020 - 2021** — **Assistant Lecturer**
Atma Jaya, Yogyakarta
I have the task of making learning modules, giving exam questions and arranging class administration for basic programming courses in even semesters and Object-Oriented programming in odd semesters

**2020 - 2021** — **Sanbercode ReactJs Bootcamp**
Sanbercode
Learn about the React Js javascript library to create a website to manage data processing

**2021** — **Sanbercode Flutter Bootcamp**
Sanbercode
Learn about Flutter and the Dart programming language for creating mobile apps based on Android and iOs

## EDUCATION

**2015 - 2018** — **SMAN 3 Surakarta**

**2018 - Now** — **Atma Jaya Yogyakarta University**
Informatics
